### Philanthropic Activities during COVID-19 Pandemic

Sri Indu Institute of Engineering and Technology under its Chairman Sri. R. Venkata Rao at Pocharam village, Ibrahimpatnam of R.R.Dist distributed the essential commodities for more than 300 families, who do not hold Ration cards.

Responding to the hon'ble Prime Minister's appeal, the institute has also distributed 25,000 kgs of Rice, 300 kgs of Dal along with the essential commodities to the needy. The Grama Panchayat Office has become the venue for this extraordinary event on April, 14<sup>th</sup>, 15<sup>th</sup>, 16<sup>th</sup>, 21<sup>st</sup> and 26<sup>th</sup>, 2020. The chief guest for this momentous occasion is the IPS trainee Ms. Sneha Mehal besides other government officials who witnessed this Charity Programme. Prominent public applauded the philanthropic initiative undertaken by the college Management.

### AWARENESS PROGRAMME ON PLASTIC FREE CAMPUS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme plastic free campus" in our college campus on 10<sup>th</sup> February, 2020 .The programme has started with our Principal Dr. I. Satyanarayana making introductory speech. For this event, all heads of the departments, staff Members and students have participated in this programme.

#### A REPORT ON PLASTIC FREE AREA

Using plastic by people leads to hazardous environment in the society. it creates lot of pollution and animals get killed due the consumption of plastic .the government and the ngos should participate vigorously and keep the environment plastic free. So our lives are decided by the environment in which we live. The principal appealed to all to avoid usage of plastic to keep the campus neat and tidy.

ACADEMIC YEAR 2019-20

### AWARENESS PROGRAMME ON LED BULBS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme on LED Bulbs in our college campus on 27<sup>th</sup> January, 2020. The programme has commenced with our Principal Dr. I. Satyanarayana with his introductory remarks. In this programme all heads of the departments, staff Members and students have participated.

#### A Report on Awareness on Led Bulbs

Taking care of the environment is a responsibility that everyone should feel accountable for. Most of us are already aware of environmentally friendly processes such as recycling to minimize the amount of waste we produce and reduce our carbon footprint. However, a lot of people are unaware of new and upcoming technologies that we can use to help reduce carbon emissions. A good example of this is LED lighting, LED lights are up to 80% more efficient than traditional lighting such as fluorescent and incandescent lights. 95% of the energy in LEDs is converted into light and only 5% is wasted as heat. This is compared to fluorescent lights which convert 95% of energy to heat and only 5% into light! LED lights also draw much less power than traditional lighting; a typical 84 watt fluorescent can be replaced by a 36 watt LED to give the same level of light. Less energy use reduces the demand from power plants and decreases greenhouse gas emissions which provide many environmental advantages.

### AWARENESS PROGRAMME ON USING HELMETS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme on Helmet Using in our college campus on 27<sup>th</sup> September, 2019. The programme has started with our Principal Dr. I. Satyanarayana. With his introductory remarks. In this programme all Heads of the departments, staff Members and students have participated.

#### A REPORT ON AWARENESS ON USING HELMETS:

The compulsory helmet rule being implemented in the city has received mixed response from Puneites. Since many are still avoiding the use of helmets, students from the SIET have decided to lead the way through a series of initiatives. In recent times, lively arguments, supporting and opposing helmet use in two-wheeler riding, have made it a popular issue for public debate. Those who support its use, consider the helmet an insurance against head injuries and possible death, whereas the others, while not disputing its ability to save lives, oppose its use on the basis of the unhealthy side-effects it creates. However, any debate on the merits and demerits of helmet use should be with due regard to its context and situation.

### AWARENESS PROGRAMME ON CONSUMER RIGHTS

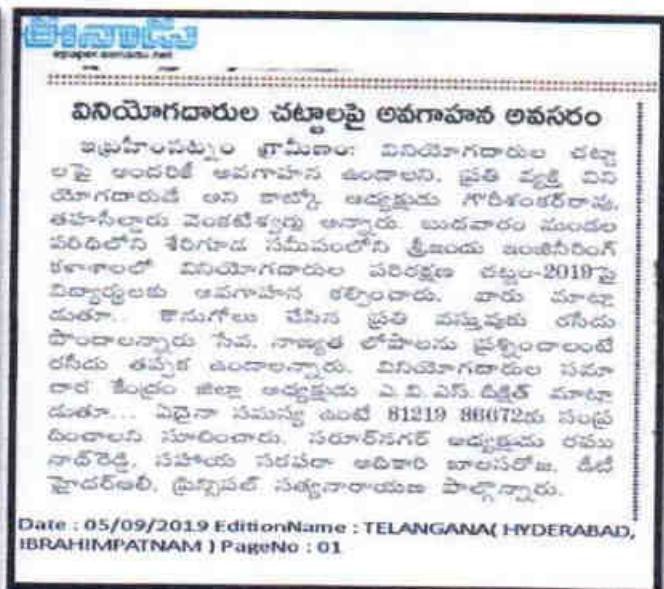

Sri Indu Institute of Engineering and Technology – NSS cell has organized an awareness programme on consumer rights in our college campus on 04<sup>th</sup> September, 2019. The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this event all heads of the departments, staff Members and students have participated in this programme.

#### A Report on Awareness Programme on Consumer Rights

There is an urgent and increasing necessity to educate and motivate the consumer to be wary of the quality of the products, and also the possible deficiencies in the services of the growing sector of public utilities. In short, the consumer should be empowered with respect to his rights as a consumer. To create awareness among consumers about protection and promotion of their rights Create sensitization to make them a real contributing consumers to society Empowerment of consumers to access grievance redressed system. To achieve the goal various awareness generation programmes in rural and urban areas are being conducted, IEC materials such as leaflet, poster, and booklet produced and distributed among the consumers and other stakeholders.

ACADEMIC YEAR 2019-20

### RAINWATER HARVESTING AWARENES PROGRAMME

Sri Indu Institute of Engineering and Technology – NSS cell has Organizing “ Awareness Programme on Rain water Harvesting ” in our college campus on 10<sup>th</sup> July.2019 with great fervor .The programme has started with our Principal Dr. I. Satyanarayana. For this programme, all heads of the departments, staff Members and students have participated.

#### A REPORT ON RAINWATER HARVESTING AWARENES PROGRAMME

Rainwater harvesting (RWH) is the collection and storage of rain, rather than allowing it to run off. Rainwater is collected from a roof-like surface and redirected to a tank, cistern, deep pit (well, shaft, or borehole), aquifer, or a reservoir with percolation. Dew and fog can also be collected with nets or other tools. Rainwater harvesting differs from storm water harvesting as the runoff is collected from roofs, rather than creeks, drains, roads, or any other land surfaces Its uses include watering gardens, livestock, irrigation, domestic use with proper treatment, and domestic heating. The harvested water can also be committed to longer-term storage or groundwater recharge.

Rainwater harvesting is one of the simplest and oldest methods of self-supply of water for households, and residential and household-scale projects, usually financed by the user. However, larger systems for schools, hospitals, and other facilities can run up costs only able to be financed by owners, organizations, and governmental unit.

### AWARENESS PROGRAMME ON EDUCATION FOR EVERYONE

Sri Indu Institute of Engineering and Technology – NSS cell has Organizing awareness programme on Education for Every One in our college. All the HODs, teaching, non teaching and students participated in this programme

#### A REPORT ON EDUCATION FOR EVERY ONE

The principal said few words on Education for Everyone if we want to live in a peaceful and happy society we should provide children, with good education. He reiterated that everyone should try to encourage children who are in need of our support, in need of books and teachers. He said that each student in his free time must teach the needy students who cannot afford good education. He gave some quotes on education. There are Literacy is a bridge from misery to hope.

Education is the most powerful weapon with which you can change the world. Let us remember one book, one pen, one child, and one teacher can change the world. He also gave some slogans on education. Education makes a door to bright future. And education is the one of the birth rights of children. Closing his speech he made the participants promise that they would educate every child in his neighborhood.

## AWARENESS PROGRAMME ON SWACHH BHARATH

Sri Indu Institute of Engineering & Technology – NSS cell has organized “Swachh Bharath” event on 10<sup>th</sup> February, 2020. NSS Student volunteers have visited Nomula village and cleaned entire village with the motto of save the environment and created awareness on tidiness some of the staff members and students have participated in this program. Swachh Bharat Abhiyan is the most significant cleanliness campaign by the Government of India.

A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019, said Shri Narendra Modi as he launched the Swachh Bharat Mission at Rajpath in New Delhi. On 2nd October 2014, Swachh Bharat Mission is synonymous with national movement. While leading the campaign for cleanliness, the Prime Minister exhorted people to fulfill Mahatma Gandhi’s dream of a clean and hygienic India. Shri Narendra Modi himself initiated the cleanliness drive at Mandir Marg Police Station.

### EACH ONE PLANT ONE

Sri Indu Institute of Engineering and Technology –NSS cell has organized “ Each one plant one ” programme in our college campus on 17<sup>th</sup> February, 2020 with a great zeal .The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

#### A REPORT ON “EACH ONE PLANT ONE”

In order to save environment, we have recently started a campaign under the caption - “Each one plant one”. Under this programme the students were explained the importance of plants and their usefulness in our daily life. The students had brought the saplings and planted the saplings in the campus garden. They marched with banners around the campus with slogan:-“EACH ONE PLANT ONE”

Telangana Ku Harithaharam is a flagship programme of the Telangana Government envisages enhancing the present 24% tree cover in the State to 33% of the total geographical area of the State. The thrust areas to achieve the above are two-fold; one, initiatives in notified forest areas, and the other, initiatives in areas outside the notified forest areas.

### STUDENT MOTIVATIONAL PROGRAMME

Sri Indu Institute of Engineering and Technology under the aegis of the NSS cell, so as to motivate the students under skill development has organized a programme in our college campus on 23<sup>rd</sup> February, 2019 with a lot of academic interest. The programme has commenced with our Principal Dr. I. Satyanarayana making an introductory speech. On this great occasion all heads of the departments, staff Members and students have participated.

#### A Report on Student Motivational Programme:

India Today spoke to experts on why skill development is necessary from a young age and how it should evolve according to the student's age to create ideal employees in the 20<sup>th</sup> century. They also explained the differences in skill training in India and international countries and options a student can vouch for if they haven't been skill-trained. In the changing world scenario with regard to industry and the job market, there is now an overpowering need for skilled workers. However, the definition of 'skill' in India, and the world in general, has also changed over recent years.

Crisna Chaitanya Reddy, chief guest of this programme highlighted the role of skill development which plays a pivotal role in everybody's life. Every student is expected to update the knowledge along with proper skill. The knowledge and the skill must go hand in hand while learning process is going on.

### WOMEN'S DAY

Sri Indu Institute of Engineering and Technology – NSS cell has celebrated ‘Women’s Day’ in our college campus on 08<sup>th</sup> March, 2020 with great fervor .The programme has started with our Principal Dr. I.Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

#### A REPORT ON WOMEN’S DAY

International women’s day is a which is celebrated on 8<sup>th</sup> of march every year, it s a day for celebrating women who work hard every day to achieve personal and professional goals .it’s a day when there are activists, movements and march then happens all around the world, it is the day with the most changes .one of the reasons for protesting is for the liberation of women around the world. There are some countries where women don’t get equal rights. In these countries, the role of women is limited to household chores. However this needs to change because women deserve equal opportunities at everything like men. The worlds are moving towards achieving gender balance .it’s moving towards equality for both men and women. The change is something that is needed and is essential .for ages men have had more privileges in every sphere of society. However, that needs to change because we are all humans and we should all get equal rights and opportunities .international women’s day where everyone appreciates everything that the women in their lives do. It’s a day when everyone acknowledges the value and importance of women in their lives.

Sri Indu Institute of Engineering and Technology – NSS cell organized HARITHA TELANGANA-HARITHA KALASHALA programme in our college on 25<sup>th</sup> August, 2018. All the HODs, teaching, non teaching staff and students participated in this programme,

#### A Brief Report on HARITHA HARAM:

The principal Dr. I. Satyanarayana started this programme with great enthusiasm and he said that our life continues until we breathe in and out. We owe our existence to the plant kingdom. Plants provide food to all terrestrial living beings. But no other organism can deplete the green cover like us. Plants not only absorb carbon dioxide but also other polluting gases like carbon monoxide, sulfur dioxide, and nitrous oxides. Trees are home to many birds, insects, and animals. They help in increasing the groundwater level and also prevent floods and landslides. Trees make the surroundings naturally cool and give an aesthetic look. He concluded his speech with 'Go Green Drive'

## SWACHH BHARATH

Sri Indu Institute of Engineering & Technology – NSS Unit has organized “Swachh Bharath” event on 1<sup>st</sup> October 2018. The NSS Student volunteers have visited our campus cleaned the nook and corner of the campus with the motto of Save the environment & Reduce global warming and created an awareness on cleanliness.

A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019,” said Shri Narendra Modi has launched the Swachh Bharat Mission at Rajpath in New Delhi. On 2nd October 2014, Swachh Bharat Mission was launched throughout length and breadth of the country as a national movement. While leading the mass movement for cleanliness, the Prime Minister exhorted people to fulfill Mahatma Gandhi’s dream of a clean and hygienic India. Shri Narendra Modi himself initiated the cleanliness drive at Mandir Marg Police Station. Picking up the broom to clean the dirt, making Swachh Bharat Abhiyan a mass movement across the nation, the Prime Minister said people should neither litter, nor let others litter.

### YOGA DAY

Sri Indu Institute of Engineering and Technology – NSS cell has celebrated “Yoga Day” in our college campus on 21<sup>st</sup> June, 2021 with great fervor. The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

#### A REPORT ON YOGA DAY:

The practice of yoga will definitely revitalize our bodies and keeps our minds fresh and rejuvenating. The people must have health consciousness. The prime minister of India stressed the importance of yoga & meditation. Yoga is the unification of body mind and soul different aasanas and surya namaskaras were performed by both teachers and students along with supporting staff. The principal of the institution reiterated the significance of yoga and expressed his views by saying that yoga should be made a part of everybody’s life. The next speaker of this programme is Mr.R.Yadagiri Rao, Associate Professor of H&S Department. In his speech, he inspired the gathering with showing different slides with regarding Yoga. These are followed by the speeches made by different students and it was a memorable day in the campus.

## RUN TO BEAT CANCER

Sri Indu Institute of Engineering and Technology – NSS cell organized a 5K RUN “RUN TO BEAT CANCER” in association with Yashoda Hospitals on the event of WORLD BREAST CANCER on 04, February, 2018.

### A BRIEF REPORT ON RUN TO BEAT CANCER:

The main objective is to create awareness and remove the stigma and fear attached and help people recognize the early signs and symptoms of cancer, thus enabling them to seek treatment at an early stage, which echoes the idea of prevention is better than cure. An early detection helps patients to avoid further eventuality. 74 students participated in this programme.

### ANTIDRUG AWARENES PROGRAMME

Sri Indu Institute of Engineering and Technology – NSS cell has organized “Antidrug awareness programme” in our college campus on 20<sup>th</sup> July, 2017. For this programme all the HODs, teaching, non teaching staff & students were participated.

#### A REPORT ON ANTIDRUG AWARENES PROGRAMME

Renowned guest of this programme is Shri Muralidhar Bhagwat, who currently serves as the Commissioner of Police of Rachakonda, a police Commissionerate in India’s Telangana state. He in his speech highlighted the repercussions of drugs and alcohol intake and advised the youth to desist from it. He further reminded that with the cooperation of teachers and parents we can make the society drug free. The next speaker of this programme is the Chairman of SIET Sri.R.Venkat Rao. In his speech expressed the view that it is often the overconfidence of the parents in their child’s behavior, leads to ignoring the behavioral changes that may result in irreparable damage to the personality or even loss of life. He even said that substance dependency and drug abuse leads to criminal behavior and reckless life style among the youth. The final speaker of this programme is the Principal Dr.I.Satyanarayana .In this event he stated that the youth are the backbone of our nation and it must be channelized in a positive direction for a healthy society. He also expressed that youth only can save the nation by conducting a large number of awareness programmes and campaigning the anti-drug message to make a significant impact in the society.

### HARITHAHARAM

Sri Indu Institute of Engineering & Technology– NSS cell has organized “Haritha Haaram” in college campus on 20<sup>th</sup> July, 2017. The Tree Plantation started with our Chairman Mr. Rangineni Venkat Rao, Secretary of Sri Indu Institution, Mr.R.Anoop Chakravarthi secretary & correspondent, Principal Dr.I.Satyanarayana and All HOD s and students of SIET along with NSS Volunteers participated in this program. A total of 750 plants were planted in the SIET campus.

#### Brief Report on HARITHAHARAM

The following speech is made by: **Railway DGP Krishna Prasad**

The program was launched by Telangana Chief Minister Kalvakuntla Chandrashekar Rao on 3 July 2015. It is one of the Telangana Flagship programme to rejuvenate degraded forests, protecting these forests from threats such as smuggling, encroachment, fire and grazing. It adopted intensive soil and moisture conservation measures based on a watershed approach.

The following speech is made by: **Rachakonda Police Commissioner CP. Mahesh Bagavath**

In the areas outside the existing forest, massive planting activities were to be taken up in areas such as road-side avenues, river and canal banks, barren hills and foreshore areas, institutional premises, religious places, housing colonies, community lands, municipalities and industrial parks. The National Forest Policy of India envisages a minimum of 33% of the total geographical area under forest cover to maintain environmental stability and ecological balance, which is vital for the sustenance of all life-forms, be it human or animal.

### SWACHH BHARATH

Sri Indu Institute of Engineering & Technology – NSS Unit has organized “Swachh Bharath” event on 3<sup>rd</sup> October 2017. The Students of SIET have participated our campus cleaned the nook and corner of the campus with the motto of “To save the environment, reduce global warming” and created an awareness on cleanliness. For this mammoth programme all the HODs and teaching and technical staff participated. This Swachh Bharath is the most significant cleanliness campaign by the Government of India. Shri Narendra Modi himself initiated the cleanliness drive at Mandir Marg Police Station.

### Brief Report on Swachh Bharath

Sri indu institute of engineering and technology believes that effective learning occurs in a clean and green campus. The College stands to the fundamentals of prosperity with cleanliness along with nurturing the young minds of the College students through value based education. The Swachh Bharat Abhiyan was launched on 3<sup>rd</sup> October 2017, throughout India by Honorable Prime Minister with a vision of ‘Clean India and also he said as part of this mission the college took to the initiative to keep the surroundings clean through active participation by staff and students. Institution looks upon Swachh Bharat Abhiyan not only as a means to clean environment but an overall purity of the Body, Mind and Soul. Swachh Bharat Abhiyan has also promoted the practice of societal harmony among the stakeholders of our Institution.

## EDUCATION FOR EVERYONE

Sri Indu Institute of Engineering and Technology – NSS cell has organized “EDUCATION FOR EVERYONE” in our college campus on 8<sup>th</sup> August, 2015 with great fervor. The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

### Brief note on Education for Everyone:

The principal made a speech on education for everyone. He said that there is only 64 percent of literacy rate in India. That means the remaining 36 percentage people are illiterate. He said that Education gives essential benefits for the mankind. First of all, it reduces poverty, and gives economic and financial prosperity. He said higher education enables the flow of additional income and possibility of occupying better career positions. Education means to understand and learn by exploring new adventures. The basic education is necessary for everyone to know the difference between good and bad for them.
