Philanthropic Activities during COVID-19 Pandemic

Sri Indu Institute of Engineering and Technology under its Chairman Sri. R. Venkata Rao at Pocharam village, Ibrahimpatnam of R.R.Dist distributed the essential commodities for more than 300 families, who do not hold Ration cards.

Responding to the hon'ble Prime Minister's appeal, the institute has also distributed 25,000 kgs of Rice, 300 kgs of Dal along with the essential commodities to the needy. The Grama Panchayat Office has become the venue for this extraordinary event on April, 14th, 15th, 16th, 21st and 26th, 2020. The chief guest for this momentous occasion is the IPS trainee Ms. Sneha Mehal besides other government officials who witnessed this Charity Programme. Prominent public applauded the philanthropic initiative undertaken by the college Management.

NSS ACTIVITY ORGANISED REPORT

ACADEMIC YEAR 2019-20

STUDENT MOTIVATIONAL PROGRAMME

Sri Indu Institute of Engineering and Technology under the aegis of the NSS cell, so as to motivate the students under skill development has organized a programme in our college campus on 23rd February, 2019 with a lot of academic interest. The programme has commenced with our Principal Dr. I. Satyanarayana making an introductory speech. On this great occasion all heads of the departments, staff Members and students have participated.

A Report on Student Motivational Programme:

India Today spoke to experts on why skill development is necessary from a young age and how it should evolve according to the student's age to create ideal employees in the 20th century. They also explained the differences in skill training in India and international countries and options a student can vouch for if they haven't been skill-trained. In the changing world scenario with regard to industry and the job market, there is now an overpowering need for skilled workers. However, the definition of 'skill' in India, and the world in general, has also changed over recent years.

Crisna Chaitanya Reddy, chief guest of this programme highlighted the role of skill development which plays a pivotal role in everybody's life. Every student is expected to update the knowledge along with proper skill. The knowledge and the skill must go hand in hand while learning process is going on.

AWARENESS PROGRAMME ON DISASTER MANAGEMENT

Sri Indu Institute of Engineering and Technology – NSS cell has Organizing awareness programme on disaster management training programme in our college under the aegis of Red Cross Society on 18th September , 2019. All the HODs, teaching, supporting staff and students participated in this programme

A Report on Disaster Management

The Hyderabad unit RED CROSS society has organized disaster management programme for 1st year B.Tech students this integrated programme defines humanitarian response within the framework of an understanding of development, with vulnerability and disaster risk reduction as an integral part of development.

This programme recognizes the vulnerabilities faced by the poor and marginalized, and the disproportionate impact of disasters endured by them in the developing world. In this programme, the study of disaster risk reduction, disaster response and post-disaster recovery will be grounded in the values of justice, equity and social inclusion.

Youth RED CROSS volunteers participated in Disaster Management

AWARENESS PROGRAMME ON EDUCATION FOR EVERYONE

Sri Indu Institute of Engineering and Technology – NSS cell has Organizing awareness programme on Education for Every One in our college. All the HODs, teaching, non teaching and students participated in this programme

A REPORT ON EDUCATION FOR EVERY ONE

The principal said few words on Education for Everyone if we want to live in a peaceful and happy society we should provide children, with good education. He reiterated that everyone should try to encourage children who are in need of our support, in need of books and teachers. He said that each student in his free time must teach the needy students who cannot afford good education. He gave some quotes on education. There are Literacy is a bridge from misery to hope.

Education is the most powerful weapon with which you can change the world. Let us remember one book, one pen, one child, and one teacher can change the world. He also gave some slogans on education. Education makes a door to bright future. And education is the one of the birth rights of children. Closing his speech he made the participants promise that they would educate every child in his neighborhood.

PLASTIC FREE CAMPUS

This is hereby informed to all the students and the staff that under the aegis of NSS unit our institute is going to conduct "Plastic free campus" on 10.02.2020 commencing at 11:30 AM. The institution discourages the usage of plastic bags and cups within the premises. Even the faculty in the college prefers to use steel water bottles instead of plastic water bottles .In this regard all are to take part vigorously and make it a grand success.

ACADEMIC YEAR 2019-20

AWARENESS PROGRAMME ON PLASTIC FREE CAMPUS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme plastic free campus” in our college campus on 10th February, 2020 .The programme has started with our Principal Dr. I. Satyanarayana making introductory speech. For this event, all heads of the departments, staff Members and students have participated in this programme.

A REPORT ON PLASTIC FREE AREA

Using plastic by people leads to hazardous environment in the society. it creates lot of pollution and animals get killed due the consumption of plastic .the government and the ngos should participate vigorously and keep the environment plastic free. So our lives are decided by the environment in which we live. The principal appealed to all to avoid usage of plastic to keep the campus neat and tidy.

NSS ACTIVITY ORGANISED REPORT

ACADEMIC YEAR 2019-20

AWARENESS PROGRAMME ON USING HELMETS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme on Helmet Using in our college campus on 27th September, 2019. The programme has started with our Principal Dr. I. Satyanarayana. With his introductory remarks. In this programme all Heads of the departments, staff Members and students have participated.

A REPORT ON AWARENESS ON USING HELMETS:

The compulsory helmet rule being implemented in the city has received mixed response from Puneites. Since many are still avoiding the use of helmets, students from the SIET have decided to lead the way through a series of initiatives. In recent times, lively arguments, supporting and opposing helmet use in two-wheeler riding, have made it a popular issue for public debate. Those who support its use, consider the helmet an insurance against head injuries and possible death, whereas the others, while not disputing its ability to save lives, oppose its use on the basis of the unhealthy side-effects it creates. However, any debate on the merits and demerits of helmet use should be with due regard to its context and situation.

AWARENESS PROGRAMME ON SELF- DEFENCE

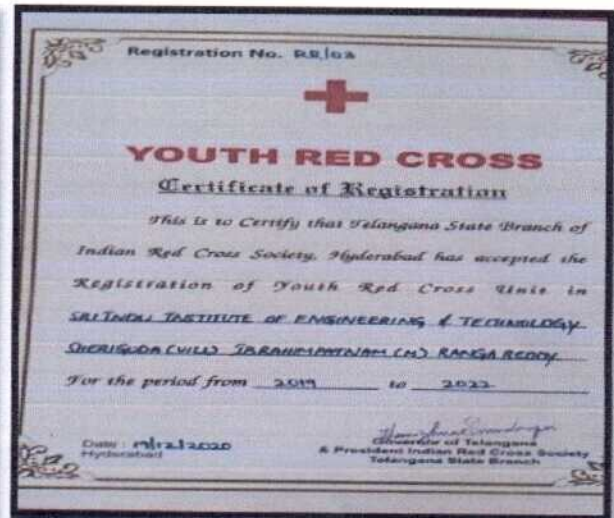

Sri Indu Institute of Engineering and Technology – NSS cell has organizing awareness programme on self - defense in our college under the aegis of Red Cross Society on 10th August 2019. All the HODs, teaching, supporting staff and students participated in this programme.

A Report on SELF- DEFENCE:

The Hyderabad unit RED CROSS society has sent a trainer to train the student's different techniques with regarding self – defense exclusively for the girl students. The trainer taught the students safety strategies and physical techniques. This training has provided the psychological awareness and verbal skills and not just physical training. They were advised also not to have anger but must have emotional content. The trainer taught them how to escape, fight back, preventing the blows and how to resist.

EACH ONE PLANT ONE

Sri Indu Institute of Engineering and Technology –NSS cell has organized “ Each one plant one ” programme in our college campus on 17th February, 2020 with a great zeal .The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

A REPORT ON “EACH ONE PLANT ONE”

In order to save environment, we have recently started a campaign under the caption - “Each one plant one”. Under this programme the students were explained the importance of plants and their usefulness in our daily life. The students had brought the saplings and planted the saplings in the campus garden. They marched with banners around the campus with slogan:–“EACH ONE PLANT ONE”

Telangana Ku Harithaharam is a flagship programme of the Telangana Government envisages enhancing the present 24% tree cover in the State to 33% of the total geographical area of the State. The thrust areas to achieve the above are two-fold; one, initiatives in notified forest areas, and the other, initiatives in areas outside the notified forest areas.

NSS ACTIVITY ORGANISED REPORT

ACADEMIC YEAR 2019-20

AWARENESS PROGRAMME ON LED BULBS

Sri Indu Institute of Engineering and Technology – NSS cell has organized awareness programme on LED Bulbs in our college campus on 27th January, 2020. The programme has commenced with our Principal Dr. I. Satyanarayana with his introductory remarks. In this programme all heads of the departments, staff Members and students have participated.

A Report on Awareness on Led Bulbs

Taking care of the environment is a responsibility that everyone should feel accountable for. Most of us are already aware of environmentally friendly processes such as recycling to minimize the amount of waste we produce and reduce our carbon footprint. However, a lot of people are unaware of new and upcoming technologies that we can use to help reduce carbon emissions. A good example of this is LED lighting, LED lights are up to 80% more efficient than traditional lighting such as fluorescent and incandescent lights. 95% of the energy in LEDs is converted into light and only 5% is wasted as heat. This is compared to fluorescent lights which convert 95% of energy to heat and only 5% into light! LED lights also draw much less power than traditional lighting; a typical 84 watt fluorescent can be replaced by a 36 watt LED to give the same level of light. Less energy use reduces the demand from power plants and decreases greenhouse gas emissions which provide many environmental advantages.

RAINWATER HARVESTING AWARENES PROGRAMME

Sri Indu Institute of Engineering and Technology – NSS cell has Organizing “ Awareness Programme on Rain water Harvesting ” in our college campus on 10th July.2019 with great fervor .The programme has started with our Principal Dr. I. Satyanarayana. For this programme, all heads of the departments, staff Members and students have participated.

A REPORT ON RAINWATER HARVESTING AWARENES PROGRAMME

Rainwater harvesting (RWH) is the collection and storage of rain, rather than allowing it to run off. Rainwater is collected from a roof-like surface and redirected to a tank, cistern, deep pit (well, shaft, or borehole), aquifer, or a reservoir with percolation. Dew and fog can also be collected with nets or other tools. Rainwater harvesting differs from storm water harvesting as the runoff is collected from roofs, rather than creeks, drains, roads, or any other land surfaces Its uses include watering gardens, livestock, irrigation, domestic use with proper treatment, and domestic heating. The harvested water can also be committed to longer-term storage or groundwater recharge.

Rainwater harvesting is one of the simplest and oldest methods of self-supply of water for households, and residential and household-scale projects, usually financed by the user. However, larger systems for schools, hospitals, and other facilities can run up costs only able to be financed by owners, organizations, and governmental unit.

NSS ACTIVITY ORGANISED REPORT

ACADEMIC YEAR 2019-20

AWARENESS PROGRAMME ON CONSUMER RIGHTS

Sri Indu Institute of Engineering and Technology – NSS cell has organized an awareness programme on consumer rights in our college campus on 04th September, 2019. The programme has started with our Principal Dr. I. Satyanarayana lighting the traditional lamp. For this event all heads of the departments, staff Members and students have participated in this programme.

A Report on Awareness Programme on Consumer Rights

There is an urgent and increasing necessity to educate and motivate the consumer to be wary of the quality of the products, and also the possible deficiencies in the services of the growing sector of public utilities. In short, the consumer should be empowered with respect to his rights as a consumer. To create awareness among consumers about protection and promotion of their rights Create sensitization to make them a real contributing consumers to society Empowerment of consumers to access grievance redressed system. To achieve the goal various awareness generation programmes in rural and urban areas are being conducted, IEC materials such as leaflet, poster, and booklet produced and distributed among the consumers and other stakeholders.

ACADEMIC YEAR 2019-20

AWARENESS PROGRAMME ON SWACHH BHARATH

Sri Indu Institute of Engineering & Technology – NSS cell has organized “Swachh Bharath” event on 10th February, 2020. NSS Student volunteers have visited Nomula village and cleaned entire village with the motto of save the environment and created awareness on tidiness some of the staff members and students have participated in this program. Swachh Bharat Abhiyan is the most significant cleanliness campaign by the Government of India.

A clean India would be the best tribute India could pay to Mahatma Gandhi on his 150 birth anniversary in 2019, said Shri Narendra Modi as he launched the Swachh Bharat Mission at Rajpath in New Delhi. On 2nd October 2014, Swachh Bharat Mission is synonymous with national movement. While leading the campaign for cleanliness, the Prime Minister exhorted people to fulfill Mahatma Gandhi’s dream of a clean and hygienic India. Shri Narendra Modi himself initiated the cleanliness drive at Mandir Marg Police Station.

NSS ACTIVITY ORGANISED REPORT

ACADEMIC YEAR 2019-20

WOMEN'S DAY

Sri Indu Institute of Engineering and Technology – NSS cell has celebrated 'Women's Day' in our college campus on 08th March, 2020 with great fervor. The programme has started with our Principal Dr. I Satyanarayana lighting the traditional lamp. For this memorable event, all heads of the departments, staff Members and students have participated in this programme.

A REPORT ON WOMEN'S DAY

International women's day is a which is celebrated on 8th of march every year, it is a day for celebrating women who work hard every day to achieve personal and professional goals. it's a day when there are activists, movements and march then happens all around the world, it is the day with the most changes. one of the reasons for protesting is for the liberation of women around the world. There are some countries where women don't get equal rights. In these countries, the role of women is limited to household chores. However this needs to change because women deserve equal opportunities at everything like men. The worlds are moving towards achieving gender balance. it's moving towards equality for both men and women. The change is something that is needed and is essential. for ages men have had more privileges in every sphere of society. However, that needs to change because we are all humans and we should all get equal rights and opportunities. international women's day where everyone appreciates everything that the women in their lives do. It's a day when everyone acknowledges the value and importance of women in their lives.
