ACADEMIC YEAR 2020-21

Activity: Bathukamma

Date: 21-10-2020

Report:

As the college is situated in the Telangana state, every year “BATHUKAMMA” festival is celebrated in the college. “Bathukamma” is a floral festival which is celebrated as part of Shathavahana calendar for nine days.

On this auspicious day all the women come in traditional attire. In this event all the faculty members along with the students perform Bathukamma dance in a traditional manner. The pots are decorated with flowers to represent “Bathukamma” or Goddess Parvathy devi and floated on the shallow open water tank in front of the college campus.

Beautiful decoration of flowers of Bathukamma

ACADEMIC YEAR 2020-21

Activity: Rangoli

Date: 21-10-2020

Report:

India is prosperous in its culture and heritage. India is the motherland of most of the ancient civilizations and Indian traditions and culture are perhaps the world's richest as it discloses a perplexing superfluity of whimsical stories that marvel the imagination of everyone. Sri Indu Institute of Engineering and Technology principal Dr. I Satyanarayana invited Chairman Sir and started the event with his valuable speech. The celebrations commenced with all the student's performances on Indian festivals and various states of India. All the students enthusiastically took part in the event and senior students motivated and guided the juniors for performances.

Our institution celebrated a Traditional day on 21st October 2020. All faculty and students came in traditional attire, and performed the Rangoli competitions.

ACADEMIC YEAR 2020-21

Activity: National Energy Conservation Day

Date: 14-12-2020

Report:

Sri Indu Institute of Engineering and Technology – NSS cell has organized National Energy Conservation Day in our college campus on 14th December 2020. All the HODs, faculty, non-teaching staff and students have participated.

National Energy Conservation Day is celebrated on 14 December annually. Faculty members gathered and gave seminar about energy conservation and the need for renewable energy. Energy conservation refers to the efforts made to ensure that energy is used efficiently by either using less energy for a particular constant purpose – like switching off lights and fans when not being used – or reducing the use of a particular service that uses energy – like driving less and using public transport instead. Energy conservation is a conscious, individual effort, and at a macro level, it leads to energy efficiency. The end goal of energy conservation is to reach towards sustainable energy.

ACADEMIC YEAR 2020-21

Activity: Pongal Celebrations

Date: 12/01/2021

Report:

Pongal is one of the most popular harvest festivals of South India. Pongal falls in the mid-January every year and marks the auspicious beginning of Uttarayan - sun's journey northwards. Our students celebrated Pongal in a traditional way by preparing 'Pongal' in mud pot with all religious traits and performed special Pooja. All the boys and girls in dhotis and Sarees depicted our cultural way of dressing.

ACADEMIC YEAR 2020-21

Activity: International Women's Day

Date: 08-03-2021

Report:

Sri Indu Institute of Engineering and Technology – NSS cell has celebrated 'International Women's Day' in our college campus on 08th March, 2021 with great fervor. The programme has started with our Principal Dr. I.Satyanarayana lighting the traditional lamp and addressed gathering. International women's day is a which is celebrated on 8th of march every year, it s a day for celebrating women who work hard every day to achieve personal and professional goals .it's a day when there are activists, movements, and march then happens all around the world, it is the day with the most changes .one of the reasons for protesting is for the liberation of women around the world. However this needs to change because women deserve equal opportunities at everything like men. The worlds is moving towards achieving gender balance
