## Faculty Programs organized

### Academic Year 2015-2016

S. No.	Type of Event	Title of Event	Department	Name of the Coordinator	Resource Person Details	Date/s of the event	No. of Participants
1	FDP	IoT & Embedded System Design	ECE	Mrs. S.Alekhya	Dr.Srinivas , Professor VBIT	22-02-2016 to 27-02-2016	124
2	Workshop	PCB Manufacturing	ECE	Mrs. S.Alekhya	Mr. B.Ramesh, Assoc.professor, St.Peters Engineering College	20-01-2016	68
3	FDP	Autodesk Fusion 360	MECH	Mr. Parumati Chandra Sekhar	Mr. Balaji Krushna. P, Asst.Professor, MREC	16-01-2016	102
4	FDP	Mobile Application Development	ECE	Mr. K.Raghavendra	Dr.K.Prabhakar Rao, Professor, BVRIT Narsapur	03-12-2015 to 07-12-2015	100
5	FDP	Communication Skills	CSE	Dr.Suresh Subramanian	Mr.Srinivasa Raju Branch Head, Education Matters.	3-12-2015 to 5-12-2015	120
6	Workshop	Recent Trends in Mechanical Engineering	MECH	Mr. Parumati Chandra Sekhar	Dr.P.V.Chandra Sekhara Rao, Professor, LBRCE	16-10-2015 to17-10-2015	85

  
PRINCIPAL  
Sri Indu Institute of Engineering & Tech  
Sheriguda(Vill), Ibrahimpatnam  
R R. Dist. Telangana -501 510

### Transportation:

Participants may avail transportation facilities of our college buses plying from different locations of the twin cities.

**Venue:** Auditorium , SIET

### Registration for participants

Registration for participating in the Workshop may be done by sending the application from in this brochure and spot registration also accepted along with submitting this brochure. **Registration is FREE** as applicable by affiliated to all the UGC approved and state affiliated colleges.

### Target Group:

Faculty from various Engineering Colleges, Research Scholars and Industrial personnel working in design & development section are invited.

### Important Dates:

Last Date for submission of Registration form by post  
**20-2-2016**

Last Date for submission of Registration form by  
E-mail: **21-2-2016**

Application is downloadable from [www.siiet.ac.in](http://www.siiet.ac.in)

## Six Days FDP on IOT and embedded system design

**Date :22-2-2016 to 27-2-2016**

Internet of Things (IoT) is the networking of physical objects that contain electronics embedded within their architecture in order to communicate and sense interactions amongst each other or with respect to the external environment. In the upcoming years, IoT-based technology will offer advanced levels of services and practically change the way people lead their daily lives. Advancements in medicine, power, gene therapies, agriculture, smart cities, and smart homes are just a very few of the categorical examples where IoT is strongly established.

Topics to be covered

**fundamentals of Embedded System.**

**To discuss on aspects required in embedded system design techniques.**

**To understand the fundamentals of Internet of Things.**

**To build a small low cost embedded system using Arduino / Raspberry Pi or equivalent boards and to apply the concept of Internet of Things in the real world scenario**

**After completion on the course learners will understands the concepts of** An ability to design and develop environmental friendly IoT enabled embedded devices. To introduce application of embedded systems for conversion, control and automation. Apply appropriate techniques and modern Engineering hardware and software tools in IoT enabled embedded devices to engage in life- long learning and to successfully adapt in multi-disciplinary environments. Understand the impact of Professional Engineering solutions in societal and environmental context, commit to professional ethics and communicate effectively

## A One Day workshop On PCB Manufacturing

Date :20<sup>th</sup> JAN 2016

In this workshop experts will take you through the process of making Printed Circuit Boards (PCBs) from scratch! You'll make a PCB prototype to function as a clap circuit - the system detects clap sound to power an LED bulb.

PCB is a acronym of **Printed Circuit Board** that helps in connecting the electronics components with pads, tracks and lines incorporated on a laminated copper sheet. It is considered as an insulating material which can be developed using epoxy on which copper layer is laminated.

### TOPICS TO BE COVERED

- Circuit design using software tools
- PCB fabrication as per design input
- Testing PCB after loading components

### COURSE CONTENT:

- Design and Manufacture your own PCB
- Develop and Test your own Clap circuit
- Understand the steps and processes involved in PCB manufacturing
- Developing the schematics of circuit using industry grade software

PCB is a acronym of Printed Circuit Board that helps in connecting the electronics components with pads, tracks and lines incorporated on a laminated copper sheet.

It is considered as an insulating material which can be developed using epoxy on which copper layer is laminated.

PCB design has been evolved in an amazing way and revitalized the latest technology. You can have a look at top 10 PCB design software.

### FDP On Autodesk Fusion 360

Fusion 360 is a cloud-based 3D CAD/CAM tool for product development that combines industrial and mechanical design, collaboration, and machining in a single package. The tools in Fusion 360 enable fast and easy exploration of design ideas with an integrated concept-to-production toolset. Fusion 360 is natively written for both Mac and PC, allowing you to use your preferred OS or both.

In this FDP, advance Mechanical designing techniques were taught like bottom to top designing, assembly of different parts to make a single machine and other advance technique and a practical demonstration was given to the students. Students, at later stage, were given a project which they successfully completed in stipulated time.

#### Autodesk Fusion 360 Monthly Challenge

After this FDP, some participants took part in the Autodesk Fusion360 Monthly Challenge which was an 8 month Competition having 8 different designs, starting from simple 3D extrusion to the complex assemblies.

## Workshop on Mobile Application Development Workshop

Mobile Application Development workshop is designed by TONEX to examine the principles of mobile application (app) design and development. It is a project-oriented course which includes app design for different mobile platforms such as iOS, Android and Windows based on the latest versions and trends available.

TONEX as a leader in teaching industry for more than 15 years and having a lot of experience in mobile app development industry is now announcing the Mobile Application Development workshop which helps you to understand the advanced technology behind the mobile application development and design advanced applications for distribution or individual need.

### Training Objectives

Upon completion of the Mobile Application Development workshop, the attendees are able to:

- Describe all aspects of mobile programming which make mobile programming unique compared to other platforms
- Design mobile applications for a company or individual profit
- Implement and apply prototyping approaches in order to develop complicated mobile interfaces
- Get a profound understanding of the ideas and philosophy behind the mobile app development.
- Have a thorough understanding of the motivation, requirements, functionality, possibilities, and limitations mobile app development and design

### Training Outline

The Mobile Application Development workshop consists of the following lessons, which can be revised and tailored to the client's need:

#### **Introduction to Mobile App Development**

- History and Background of Mobile Apps
- Smart Phones
- Tablets
- Mobile Computing
- Mobile Business Landscape
- Native Mobile Applications
- Mobile Web Applications
- Different Mobile Platforms
- iOS

#### ABOUT THE INSTITUTION:

Sri Indu Institute of Engineering and Technology was established by Global Trendset Educational Society - 2006, Vanastalipuram, Hyderabad under the chairmanship of Sri. R. Venkat Rao. Under the same management, Sri Indu College of Engineering and Technology is also in the field of education by New Loyola model education society - 1979. The society is having proven rich experience in the field of education for more than 41 years with an intension and commitment to impart school education and Technical education of highest quality. The college offers B.Tech programmes in Civil, CSE, ECE and Mechanical. This institute got JNTUH affiliated in 2007, The institute has high quality infrastructure and well developed laboratories in all the departments.

#### ABOUT THE DEPARTMENT:

The department of Computer Science and Engineering was established in the year 2007 with an intake of 60 students and increased to 180 in the year 2012. The Department has been maintaining high standards in imparting quality education in Computer Science. Computer Science & Engineering with highly experienced faculty members with highest qualification M.E / M.Tech / Ph.D Degree

The department has got highly qualified and committed faculty members supported by dedicated technical staff.

The department has established sophisticated laboratories not only to suit curriculum requirements but also to serve research needs such as Big data, Advanced Compiler Design, Data Mining, Software Engineering, Python Programming Laboratories.

To enhance the quality of learning we move forward for more collaborations and interactions with the industry that helps our students to brace themselves for working in the industry.

#### OBJECTIVE AND SCOPE

Communication skills are a set of activities that ultimately make a quality public performance. Communication today is very important both in the business world and in private life. Successful communication helps us better understand people and situations. It helps us overcome diversities, build trust and respect, and create conditions for sharing creative ideas and solving problems.

#### OBJECTIVES OF PROGRAMME:

- Communication Skills You Can't Ignore
- *Smart Ways to Your Improve Communication Skills*

#### COURSE CONTENT:

- ❖ Listening
- ❖ Straight talking
- ❖ Non-verbal communication
- ❖ Stress management
- ❖ Emotion control
- ❖ Listen with empathy
- ❖ Speak up
- ❖ Prepare what you're going to say
- ❖ Be ready for different answers

#### ELIGIBILITY

Faculty members of UGC/AICTE recognized Universities and Engineering colleges all over India, however priority will be given to the faculty members.

#### RESOURCE PERSONS:

**Mr.Srinivasa Raju ,Branch Head, Education Matters.**

#### Three Day's FDP

#### On Communication Skills

3<sup>rd</sup> to 5<sup>th</sup> December 2015

## FDP on Communication Skills

Communication skills are a set of activities that ultimately make a quality public performance. Communication today is very important both in the business world and in private life. Successful communication helps us better understand people and situations. It helps us overcome diversities, build trust and respect, and create conditions for sharing creative ideas and solving problems. In the business world, many employers believe that proper internal communications can significantly increase employees' productivity. By acquiring strong communication skills, you can better connect with your friends, colleagues, boss... all while improving communication in the workplace. Why You Need to Develop Strong Communication Skills In this modern time we live in, we are receiving, sending and processing a large number of messages every day. But successful communication is far more than sharing information, it is also an understanding of the feelings behind this information. Successful communication can deepen relations in personal life or professional life. In personal life, they can help us understand better people and situations that happen on a daily basis.

### The Power of Strong Communication Skills in the Workplace

With strong communication skills, you can clearly impact your business. **Great communicators** are the ones who bring solutions, drive change, motivate and inspire their colleagues. By improving communication skills, we can improve employee engagement, teamwork, decision-making, and interdepartmental communication in the workplace.

### 5 Communication Skills You Can't Ignore

- ❖ Listening
- ❖ Straight talking
- ❖ Non-verbal communication
- ❖ Stress management
- ❖ Emotion control

### 4 Smart Ways to Your Improve Communication Skills

- ✚ Listen with empathy
- ✚ Speak up
- ✚ Prepare what you're going to say
- ✚ Be ready for different answers

### Three Days FDP On “Communication Skills”

From 3<sup>rd</sup> Dec 2015 to 5<sup>th</sup> Dec 2015

### Transportation:

Participants may avail transportation facilities of our college buses plying from different locations of the twin cities.

**Venue: Auditorium, SIET**

### Registration for participants

Registration for participating in the Workshop may be done by sending the application from in this brochure and spot registration also accepted along with submitting this brochure. **Registration is FREE** as applicable by affiliated to all the UGC approved and state affiliated colleges.

### Target Group:

Faculty from various Engineering Colleges, Research Scholars and Industrial personnel working in design & development section are invited.

### Important Dates:

Last Date for submission of Registration form by post  
**14<sup>th</sup> October 2015**

Last Date for submission of Registration form by  
E-mail: **15<sup>th</sup> October 2015**

Application is downloadable from [www.siet.ac.in](http://www.siet.ac.in)

### Workshop On Recent Trends In Mechanical Engineering

The workshop entitled “Recent Trends in Mechanical Engineering” is an honest endeavor to cover various facets of Modern & Smart Manufacturing, Design, and Advance Thermal Engineering. It starts with a deeper discussion on Engineering trends with special emphasis on smart materials, Industry 4.0, 3D printing, CAD/ CAM and Robotics, etc

- Special emphasis has also been laid on machining processes starting with basic conventional machining practices to the more nascent hybrid machining are included.
- The course is also replete with various micro-fabrication technologies and biomedical engineering which are to be discussed by eminent resource persons.
- The program is interdisciplinary and is open for Mechanical Engineering (UG/ PG) students.
- The program may lead to active collaboration between participants and resource persons in these areas.

Sir,

**Subject:** Request Proposal Letter to conduct two day's Workshop on "Recent Trends in Mechanical Engineering" - Reg.

Respected sir,

In accordance to subject cited above I am Dr. H N SURESH Head, Department of MECH here with this letter to permit us to conduct a two day's workshop 'Recent Trends in Mechanical Engineering' 16-10-2015 to 17-10-2015. I also request you to provide all the required facilities.

Thanking You.

Yours sincerely

Dr.P.V.Chandra Sekhara Rao, Professor, LBRCE

Sir,

**Subject:** Request invitation for delivering expert lecture two day's Workshop on "**Recent Trends in Mechanical Engineering**" 16-10-2015 to 17-10-2015- Reg.

Respected sir,

The department of MECH SIET Ibrahimpatnam RR district Telangana is organizing a two day's Workshop 'Recent Trends in Mechanical Engineering' during 16-10-2015 to 17-10-2015. I am happy to invite you as a resource person.

I request you to accept the invitation and arrange to send the relevant study material so as to include in the course book a line of reply will be much appreciated.

Thanking You,

Yours sincerely

HOD- MECH
