### YOGA AND MEDITATION

(2019-2020)

Sri Indu Institute of Engineering & Technology always encourages students in various extra-curricular activities apart from studies. The management also motivates students to develop physical and mental health by conducting various seminars and programs on yoga and meditation every year. This year it has organized a one week Yoga and Meditation Camp from 11-11-2019 to 15-11-2019, at 3:00 p.m. to 4:15 p.m. Trainer K.Ravikanth from Nirvaana Yoga Studio conducted the program

The college management and students enthusiastically participated in it. The principal delivered his valuable speech on yoga and meditation. He said that we should practice yoga daily and make it as a part of our daily life. He also advised the students to practice meditation at least 5min in a day to get control of our mental health. The day was auspicious and the event was completed successfully.

### BENEFITS OF AYURVEDIC

Ayurveda is considered by many scholars to be the oldest healing science. In Sanskrit, Ayurveda means The Science of Life. Ayurvedic knowledge originated in India more than 5,000 years ago and is often called the "Mother of All Healing." It stems from the ancient Vedic culture and was taught for many thousands of years in an oral tradition from accomplished masters to their disciples. Some of this knowledge was set to print a few thousand years ago, but much of it is inaccessible. The principles of many of the natural healing systems now familiar in the West have their roots in Ayurveda, including Homeopathy and Polarity Therapy.

Ayurveda therapies have varied and evolved over more than two millennia. Therapies include medicines, special diets, meditation, yoga, massage, laxatives, enemas, and medical oils. Medicines are typically based on complex herbal compounds, minerals, and metal substances (perhaps under the influence of early Indian alchemy or *rasa shastra*). Ancient Ayurveda texts also taught surgical techniques, including rhinoplasty, kidney stone extractions, sutures, and the extraction of foreign objects.

The main classical Ayurveda texts begin with accounts of the transmission of medical knowledge from the gods to sages, and then to human physicians. In *Sushruta Samhita* (*Sushruta's Compendium*), Sushruta wrote that Dhanvantari, Hindu god of Ayurveda, incarnated himself as a king of Varanasi and taught medicine to a group of physicians, including Sushruta. Ayurveda has been adapted for Western consumption, notably by Baba Hari Dass in the 1970s and Maharishi Ayurveda in the 1980s. Some scholars assert that Ayurveda originated in prehistoric times, and that some of the concepts of Ayurveda have existed from the time of the Indus Valley Civilization or even earlier. Ayurveda developed significantly during the Vedic period and later some of the non-Vedic systems such as Buddhism and Jainism also developed medical concepts and practices that appear in the classical Ayurveda

### SEASONAL DISEASES

A Disease is a particular abnormal condition that negatively affects the structure or function of all or part of an organism, and that is not due to any immediate external injury. Diseases are often known to be medical conditions that are associated with specific signs and symptoms. A disease may be caused by external factors such as pathogens or by internal dysfunctions. For example, internal dysfunctions of the immune system can produce a variety of different diseases, including various forms of immunodeficiency, hypersensitivity, allergies and autoimmune disorders.

In Humans Diseases is often used more broadly to refer to any condition that causes pain, dysfunction, distress, social problems, or death to the person afflicted, or similar problems for those in contact with the person. In this broader sense, it sometimes includes injuries, disabilities, disorders, syndromes, infections, isolated symptoms, deviant behaviors, and atypical variations of structure and function, while in other contexts and for other purposes these may be considered distinguishable categories. Diseases can affect people not only physically, but also mentally, as contracting and living with a disease can alter the affected person's perspective on life.

Death due to disease is called death by natural causes. There are four main types of disease: infectious diseases, deficiency diseases, hereditary diseases (including both genetic diseases and non-genetic hereditary diseases), and physiological diseases. Diseases can also be classified in other ways, such as communicable versus non-communicable diseases. The deadliest diseases in humans are coronary artery disease (blood flow obstruction), followed by Cerebrovascular disease and lower respiratory infections. In developed countries, the diseases that cause the most sickness overall are neuropsychiatric conditions, such as depression and anxiety.

### YOGA AND MEDITATION

(2017-2018)

Sri Indu Institute of Engineering & Technology always encourages students in various extra-curricular activities apart from studies. The management also motivates students to develop physical and mental health by conducting various seminars and programs on yoga and meditation every year. This year it organized a one week Yoga and Meditation Camp from 16-10-2017 to 20-10-2017

The college management and students enthusiastically participated in it. The principal has delivered his valuable speech regarding yoga and spreading awareness about yoga and meditation to the students. He told the students to practice yoga daily and make it as a part of our daily life. He also advised the students to practice meditation at least 5min in a day to get control on our emotional and mental health. The day was auspicious and the event completed successfully.

### MEDICAL ADVICES

Medical advice is the provision of a formal professional opinion regarding what a specific individual should or should not do to restore or preserve health.<sup>[1]</sup> Typically, medical advice involves giving a diagnosis and/or prescribing a treatment for medical condition.<sup>[2]</sup>

Medical advice can be distinguished from medical information, which is the relation of facts. Discussing facts and information is considered a Medical advice can also be distinguished from personal advice, even if the advice concerns medical care.

Medical advice is given in the context of a doctor–patient relationship. A licensed health care professional can be held legally liable for the advice he or she gives to a patient. Giving bad advice may be considered medical malpractice under specified circumstances.

The doctor–patient relationship is one factor in determining the patient's compliance with medical advice.<sup>[3]</sup> Patients adhere more closely to medical advice when the healthcare provider is friendly, doesn't interrupt the patient, or has good verbal communication skills.<sup>[4]</sup> Patients are less likely to comply with medical advice if the advice is not what the patients expected, if the patients do not agree with the proposed treatment, if the patient is not confident in the provider's competence, or if the patient cannot understand what the provider says due to language barriers or overuse of medical jargon. Patients are also less likely to comply with medical advice if the healthcare provider seems disrespectful of the patient or appears to hold negative stereotypes of the patients' race, class, or other characteristics.

## YOGA AND MEDITATION (2016-2017)

Sri Indu Institution of Engineering & Technology had organized a one week Yoga and Meditation Camp with the association “Sahaja Yoga Meditation Trainer K.Shiva Kumar” conducted the program 12-09-2016 to 16-09-2016 from 3:00 P.M. to 4:00 P.M. It was conducted in seminar hall. The management, faculty members and students actively participated in the program and made it a grand success. The principal addressed the students about the importance of yoga and meditation in the life. He delivered speech on how to develop good physical and mental health by practicing yoga and meditation. So that every student can peacefully concentrate on studies and succeed in career. One of the yoga trainees came and taught everyone how to practice yoga with simple techniques and breathing in and breathing out air (called pranayama) and meditation. The Yoga and Meditation Camp ended successfully.
