MESSAGE FROM HONOURABLE CHAIRMAN

Welcome to the SIIET Newsletter ELECTRONICS WORLD Volume 3, Issue 2. This edition elucidates the activities and accomplishments of the college from January to June, 2022. This period has proved to be enlightening and encouraging with successful administration. It is a matter of honor that *SIIET* is bringing out its third newsletter, **ELECTRONIS WORLD**. The idea of updating the faculty and students with the achievements of the college is creditable. It is heartening to see that *SIIE*T has strived its best to reach the greater altitude. This introduction of the newsletter will give an opportunity to the faculty and the students to craft and showcase their knowledge and skills. I am hopeful that all the achievements of the students and faculty will inspire other students to excel in their lives, with a sense and vision of determination.

The college has been strengthening its infrastructure and resources to meet the global demands. The Chairman's vision has made the college one of the most sought.

The infrastructural resources too have taken a great leap to meet the global demands in the arena of technology in every stream of B. Tech.

The Chairman's emphasis on employability skills has enabled employability training and the placement cell is in full

Progress on capturing good placements in top notch companies even with the present slow pace in the job market.

The students are involved in real time projects thus enriching their innovative skills. Thecollege is endeavoring for excellence in *'' An art won by training and habituation''*.

The editorial team solicits your valuable suggestions and wishes everyone a successful year.

"Happy Reading!"

Department Of Electronics And Communication Engineering

Vision Statement: To become a recognized center in the field of Electronics and Communication Engineering by producing creative engineers with social responsibility and address ever-changing global challenges.

Mission Statement:

DM1 : To facilitate an academic environment that enables student's centric learning.

DM2 : To provide state-of-the-art hardware and software technologies to meet industry requirements.

DM3 : To continuously update the Academic and Research infrastructure.

DM4 : To Conduct Technical Development Programs for overall professional caliber of Stake Holders.

Program Educational Objectives (PEOs)

1. Graduates with a strong foundation in Electronics and Communication Engineering, Science and Technology to become successful in the chosen professional career.

2. Graduates with ability to execute innovative ideas for Research and Development with continuous learning.

3. Graduates inculcated with industry based soft-skills to enable employability.

4. Graduates demonstrate with ability to work in interdisciplinary teams and ethical professional behavior.

Program Specific Outcomes(PSO's)

1 .Design Skills: Design, analysis and development a economical system in the area of Embedded system& VLSI design.

2. Software Usage: Ability to investigate and solve the engineering problems using MATLAB, Keil and Xilinx
